Mostyn Champneys Retail Park has a new two storey McDonald's drive thru. The US fast food chain secured planning permission back in 2018 to demolish the existing site on Mostyn Champneys and erect a new restaurant next to the Iceland store on the same retail park. McDonald's has said the new site would lead to the creation of 44 extra full and part time jobs due the bigger size of the restaurant. Tarways Asphalt carried out road (nights), footpath, car park, and trench work as part of the tarmac package on this job.
